

BADGE EARNER GUIDE

Welcome to Credly

Welcome to a new way of managing your professional achievements and learning outcomes: badging, through the Acclaim Platform.

Acclaim is a badging platform by Credly. Credly is leading the digital credential movement, making talent more visible and opportunity more accessible.

Whether that's entering the job market for the first time, moving forward in your existing profession, or making a career change, we're dedicated to helping you set yourself apart by representing valuable skills unique to your experiences in a way that is sharable and verifiable.

In this document, we'll teach you everything you need to know about badges

- **What are badges**
- **How they can tell your professional story**

We'll also provide step-by-step instructions for navigating the Acclaim platform to manage and share your badges

- **Setting up an Acclaim profile**
- **Accepting/managing badges**
- **Sharing badges**

Acclaim was built mobile-first, so your experience with Acclaim will be just as good on your Android or Apple IOS mobile device as it is on a desktop computer.

Acclaim is supported by modern web browsers, so if you experience any issues with the website make sure your browser is an up-to-date version – at least Internet Explorer 9, Mozilla Firefox 4, Google Chrome, or Safari 6.

If at any time you have further questions, or are experiencing issues with your Acclaim account, access the Acclaim support forum: <http://support.youracclaim.com/>

What is a badge?

Badges are digital assets used to communicate a learning achievement or credential. Acclaim badges link to metadata that provides context and verification. They can be shared across the Internet for maximum visibility and recognition.

Badges are a standard to recognize and verify learning. A badge communicates three things without sacrificing verification or context:

- **Who did something?**
- **What did they do?**
- **Who says they did it?**

You can earn a badge for lots of different things, from many different organizations. What makes the badges issued to you from Acclaim unique is that they represent achievements valued by employers. Badges managed through Acclaim will help you tell your professional story in a way that is complete and validated.

You can share your badges with anyone you'd like, wherever you'd like:

- LinkedIn
- Facebook
- Twitter
- Via email
- Embedded in a website

A viewer can click on your badge and will be taken back to Acclaim to view all the details of your achievement.

You can also share your complete Acclaim profile to provide an employer with the full context of your abilities, represented by the various badges you've earned and manage through the Acclaim platform.

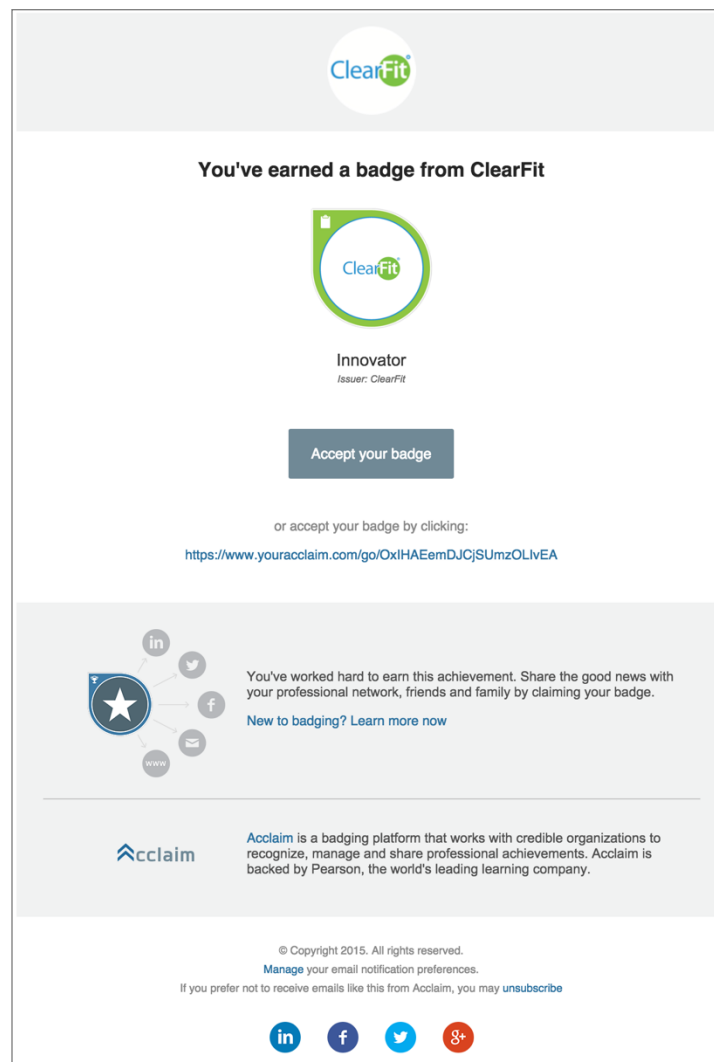

Getting started

There are two steps to getting started with Acclaim:

- Have an organization issue you a badge
- Create an account and claim your badge

Receive a badge

How do you know if you've been issued a badge? You'll receive an email from Acclaim that looks like this:

Click on the **Accept** button below your badge image. This will take you to Acclaim where you will create an account.

Personalize your profile

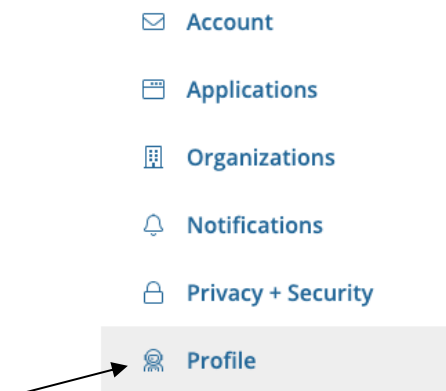

Your Acclaim profile is an important part of telling your professional story. It's one spot on the web where you can manage and share the achievements that will further your career, so make sure to include a few key elements:

- **Name** – Is your name Katherine, but you go by Kate? Edit your name to best reflect what you'd like to be called at work.
- **Profile picture** – make sure it's a nice one that represents you as you'd like to be viewed by potential employers. The minimum size is 196 x 196 pixels.
- **Bio** – This is where your professional personality can really shine through. You've got 500 characters to sketch out your key talents, qualifications and interests.

To personalize or edit your profile, click on the Profile icon at the top right corner of any screen. Select **Settings**.

Click **Profile** from the left sidebar menu.

From this page, you will be able to add a photo and a brief bio along with other details.

The screenshot shows the 'Settings' page for a user on the cclaim platform. On the left is a navigation menu with options: Account, Applications, Organizations, Notifications, Privacy + Security, and Profile (which is highlighted). The main content area is titled 'Public Details' and includes a note: 'This information appears on your public profile and search results. * = required field'. Below this are several input fields: 'First Name *', 'Last Name *', 'Bio (0 / 500 characters)', 'Current Employer', and 'Current Position'. To the right of these fields is a large grey box with a camera icon and the text 'Upload image'.

A personalized profile gives viewers a better understanding of who you are.

The screenshot displays a user's public profile on the cclaim platform. At the top left is the cclaim logo, and at the top right is a search icon and a user profile picture. The profile features a circular profile picture of a woman with glasses. To the right of the picture, the name 'Rita Rosa' is displayed in bold, followed by 'Aurora, Illinois' and a bio: 'Customer Success professional working toward additional certifications in graphic design.' Below the bio are social media icons for LinkedIn, Facebook, Twitter, and a share icon. A dark navigation bar below the profile is labeled 'Badges'. Underneath, it shows '2 badges' and a 'Sort by: Most Popular' dropdown menu. Two badges are visible: 'Canva Basic Training' from Skill Up Somerville and 'Biology' from Distance Learning Systems Inc.
