# World Leaders in OKR Implementation, Training & Coaching

Our world class solutions backed by decades of research and a scientific approach make us unique.

With proven improvements to client company bottom-lines, we are one of the leading OKR consulting outfits with a global operations in 12 countries.

India. South Asia. South East Asia. Middle East.

# OKR CONSULTING

Our time-tested OKR Implementation Framework helps you in making OKRs successful from the word go.

You need a partner that not only brings OKR expertise to the table, but also a deep repertoire of industry knowledge with a strong background in strategy execution and agile change management.

With decades of global experience in performance management and culture transformation, our time-tested framework is easy for your employees to understand and robust enough for you to see changes from the very first quarter.

Our 8-step process offers you a plug and play array of implementation services. We can help you with full OKR implementation or any part within this process with a Build-Operate-Transfer model.

# OKR TRAINING & CERTIFICATION

OKRs are fast emerging as the top 10 tools to help organisations grow exponentially in the post-pandemic business era.

With the likes of Google, Microsoft, Colgate-Palmolive, Intel, Spotify, LinkedIn, et al going the OKR way, it offers a simple way to connect your strategy to your company goals and your people.

Once you are Certified on OKRs, you will enable yourself to train your clients or colleagues on how to use OKRs, align them to your team and organizational goals and also coach leaders from time to time.

# OKR COACHING

So you got your self an OKR software and now you are wondering how to go about implementing OKRs within your team or company?

Better still, you've read 'the book' and watched some webinars/videos on OKRs and feel confident of running OKRs on your own?

Sounds familiar? OKRs look simple to implement, but they may well turn out to be rather tricky. Our team of world renowned OKR coaches can help you every step of the way.

Whether its coaching for OKR Planning or OKR Implementation, we have you covered.

OKR International offers remote, virtual [coaching services](#) in the midst of the current pandemic related travel restrictions.
